

## Periodical Databases for Chemistry

When you need to find a magazine, journal or newspaper article related to a topic in chemistry, try the following online indexes. You can access all of these databases through the Library's Home Page at <http://sheboygan.uwc.edu/library> and then select **All Research Databases** at <http://sheboygan.uwc.edu/library/alldatabases.shtm>. Pick from the databases listed or search by database title through the alphabetical links.

For **Off-Campus Access**, see instructions at: <http://sheboygan.uwc.edu/library/offcampus.shtm>.

### **American Chemical Society**

You can search the contents of over 30 journals. The articles are available full text.

### **General Science Full Text**

(WilsonWeb)

This database indexes and abstracts sources from popular and professional periodicals. Subjects covered include chemistry. Full text articles begin in 1995 to present. Not all articles will be available full text.

### **Biological & Agriculture Index Plus**

(WilsonWeb)

This database Indexes sources from 291 international journals in biology and agriculture, with about 45 percent of the focus on agriculture.

### **Applied Science & Technology**

(WilsonWeb)

The source indexes articles from 485 technical publications, covering fields such as chemistry and engineering.

### **Biological Abstracts** (Silverplatter)

This index has citations and abstracts from 6,000 international life science periodicals including biochemistry.

### **General Magazine & Newspaper Databases**

#### **Facts.Com (Facts on File Reference Suite)**

The Reference Suite includes four reference databases (FOF World News Digest, Issues and Controversies, **Today's Science**, and the World Almanac).

#### **Academic Search Elite** (EbscoHost)

This source indexes and abstracts articles from nearly 2,880 journals with full text for over 1,250 sources, covering a range of academic areas.

#### **Readers Guide Full Text** (WilsonWeb)

This database indexes and abstracts popular general-interest periodicals, plus the full text of selected periodicals.

#### **ProQuest Newspapers**

This source indexes and abstracts articles from more than 300 national and international newspapers. Full text is available.

#### **Lexis-Nexis Academic Universe**

Access to over 6,000 newspapers, magazines, trade journals, medical sources, reference works, and other news sources.

**Nursing and Allied Health Indexes**

**CINAHL (ProQuest)**

This is the definitive database for nursing and allied health, covering 1200 leading journals. Full text is available.

**ProQuest Nursing Journals**

This source indexes and abstracts articles from more than 250 leading full-text journals in nursing and allied health sciences. Full text is available for all titles.

**Health Source: Nursing Academic Edition (EbscoHost)**

This source provides full text from approximately 520 periodicals focusing on many medical disciplines. Full text is available.

**MEDLINE (EbscoHost)**

Created by The National Library of Medicine, MEDLINE uses MeSH (Medical Subject Headings) and other features to search abstracts from over 4000 current biomedical journals, citations from Index Medicus, the International Nursing Index, and the Index to Dental Literature. No full text is available.
